EXECUTIVE SUMMARY

Catalog Overview

This catalog is caught in a simultaneous squeeze: \$244,132 in revenue is at risk across 76 stockout-risk SKUs — including the top five revenue drivers — while \$26,516 sits locked in dead stock and overstock with no natural sell-through path. The Leg Press Machine and Resistance Loop Band alone represent over \$115,000 in active sales revenue and both are within days of stocking out. The dead stock problem and the reorder problem are directly connected: liquidating the six zero-velocity SKUs recovers the capital needed to fund the most critical reorders. Execute both this week and this catalog’s cash position improves immediately.

TOTAL SKUS 381 97 active	TOTAL REVENUE \$916,247 \$265,637 gross profit	TRAPPED CASH \$26,516 Overstock / dead stock at cost	LOST REVENUE \$244,132 76 stockout risk SKUs

Top Performers

Highest revenue SKUs — protect these at all costs

SKU	PRODUCT	GRADE	STATUS	QTY SOLD	REVENUE	GP%
FE-3019	Leg Press Machine 12-Way	A	Stockout Risk	40	\$60,053	31%
FE-2005	Resistance Loop Band 2PK	A	Stockout Risk	29	\$55,276	28%
FE-3008	Dumbbell Set 12PC Rack	A	Stockout Risk	15	\$36,347	29%
FE-6001	Outdoor Pull-Up Station	A	Stockout Risk	26	\$35,982	24%
FE-3018	Lat Pulldown 64LB Stack	A	Overstock	21	\$35,529	33%

RECOMMENDATIONS

Prioritized Action Plan

URGENT
Act this week

1

Reorder FE-3019 Leg Press Machine — 2 units remain at 30d DOI, \$60,053 in revenue at immediate risk. Order 7 units.

2

Reorder FE-2005 Resistance Loop Band — 4 units on hand, stockout imminent at 29 units sold velocity. Order 8.

3

Reorder FE-3008 Dumbbell Set — zero on hand, \$20,893 in lost revenue already accumulating. Order 12.

SOON
Next 30 days

1

Liquidate all 6 dead stock SKUs via Amazon Outlet or markdown — target \$10,475 cash recovery to fund Phase 1 reorders.

2

Markdown FE-3018 Lat Pulldown by 2 units — Grade A SKU exceeding demand pace. Frees \$4,939 and right-sizes stock.

3

Reorder FE-4001, FE-4002, FE-2007, FE-2004 — all zero on hand with confirmed active demand.

MONITOR
Next quarter

1

Set lead time and safety stock rules for all Grade A SKUs — eliminates reactive reordering and prevents this pattern recurring.

2

Review 310 Grade D SKUs for catalog rationalization — 81% of this catalog is drag on working capital and bandwidth.
